

HEAD HIGH 2018 CALIFORNIA PINOT NOIR

EPIC CONDITIONS | 2018 CALIFORNIA PINOT NOIR

2018 was one of those magical years. With a mild spring, the early growing season plodded along at a relatively normal pace. Once the berries set, it was clear the 2018 harvest would be a healthy, full crop. With that, we received access to some of the most premiere sources of Pinot Noir across California, choosing from grapes of superb quality. Winemaker Britt Richards produced a refreshingly true-to-variety wine, redolent of Pinot Noir flavors. The 2018 Head High is lush with bright cherry and raspberry - a delightful wine for uncompromising people on the move.

HEAD HIGH | Pairs well with the outdoors.
